- b) Upon completion of the registration process, candidates can collect their copy of study materials. This will help you to start your preparations immediately.

ELIGIBILITY

MINIMUM EDUCATION	MINIMUM WORK EXPERIENCE
Degree in Engineering /Technology or physical science (B.E, B.Tech, B.Sc)	1 years
Diploma in Engineering (D.M.E) (3 Years Engineering/ Technical courses)	2 years
Higher Secondary School (H. Sc) (after 10 th Minimum 2 years higher study)	3 years
High school with I.T.I (S.S.L.C+I.T.I)	2 years
At least 10th grade (S.S.L.C)	3 years

Key Beneficiaries of the event

Though the Training and certification gives a career boost for all individuals in engineering domain, it is specifically recommended for the professionals in the following category:

- Field Experience Welders & NDT Professionals
- Welding Foremen, Inspectors & Engineers.
- Quality assurance & Control inspectors, Supervisors and Engineers.
- Field service staff, Engineers and Supervisors.
- Erection & Construction Engineers and Supervisors.

I assure that this up gradation to NDT Qualification will certainly boost the career of deserving candidates.

Thanks and Regards
